HOW TO USE AND CARE FOR YOUR VIDEOART™ ACTIVITY CARTRIDGE™

USING YOUR ACTIVITY CARTRIDGE:

1. Be sure that the "Power On" indicator is off before plugging the cartridge in the VideoArt.
2. Plug in the cartridge label side up (see drawing).
3. Press the power button so that the red "Power On" indicator light is on.
4. The title "page" of the

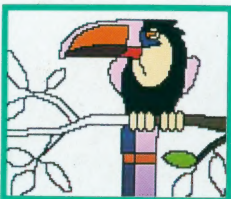

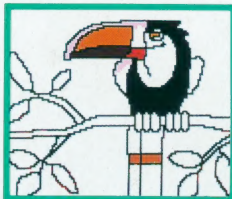

cartridge will appear on the screen for 20 or so seconds or until you press both clear buttons at the same time.

CARING FOR YOUR ACTIVITY CARTRIDGE — Precautions:

1. This is high precision electronic software. It should not be stored in a place that is very hot or cold. Never hit it or drop it. Do not take it apart and never force it into the VideoArt unit.
2. Avoid touching the connectors, do not get them wet or dirty. Doing so may damage the cartridge.
3. Do not clean with benzene, paint thinner, alcohol or other such solvents.

WHAT YOU WILL SEE...

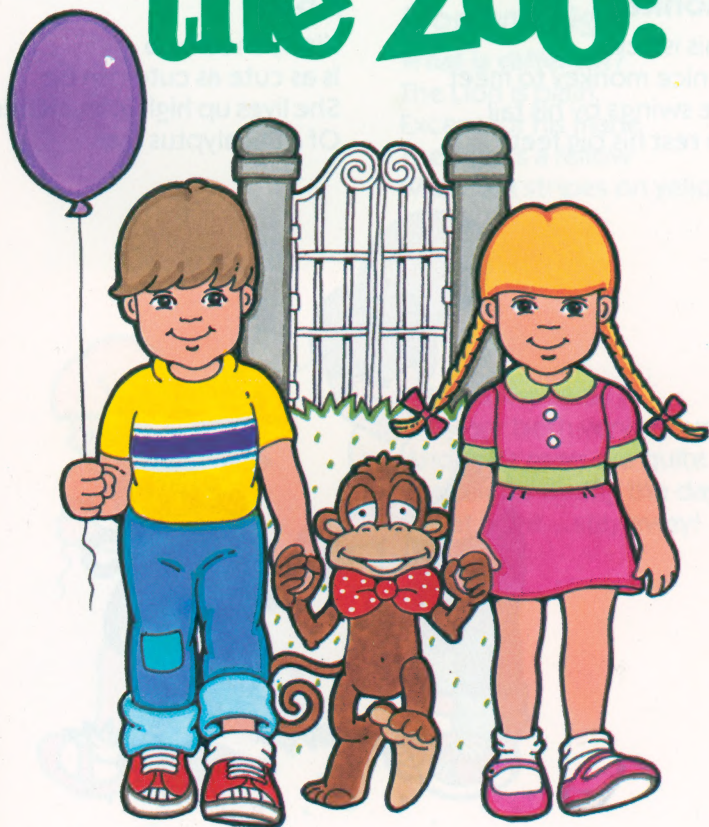

After the title page of your VideoArt cartridge you will see the first page and you can immediately start to color.

When the page you would like to color appears on the screen, use your color selector to either pick a color you want to use or to change the background color of the drawing. As you draw, the

picture fills in, like the pictures you see above. When you are finished you can either turn the page to start a new drawing or save your artwork by recording it on video tape!

a trip to the Zoo!

Monkey

This is Pete
A nice monkey to meet
He swings by his tail
To rest his big feet

Koala

Kippy the Koala
Is as cute as cute can be
She lives up high in branches
Of a Eucalyptus tree

Lion and Tiger

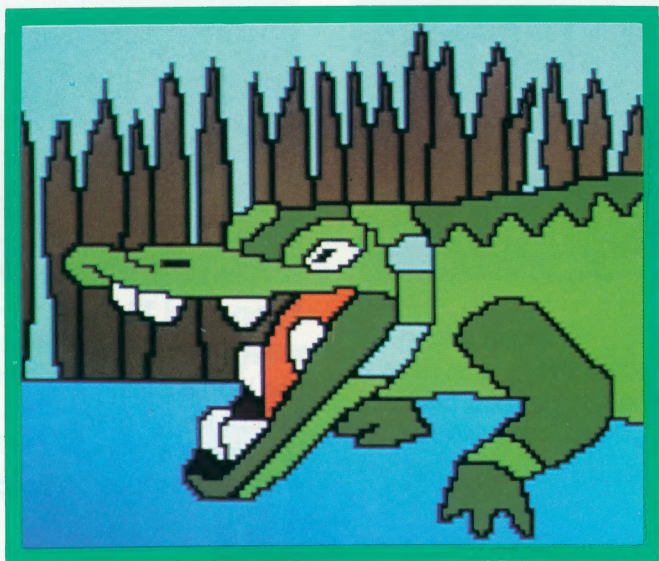

What is different?

The Lion is plain
Except for his mane
The Tiger's a fellow
With dark stripes on yellow

What is the same?

They are both very proud
And their roars are quite loud
They sleep during the day
But at night...stay away!

Alligator

When an alligator yawns and his jaws are open wide
It's quite a scary sight to see his rows of teeth inside

Toucan and Parrot

The Toucan has a squawk
That's as loud as loud can be
But the parrot, she can talk
Just like you and me

Zebra

Zebras, no doubt,
Can quickly point out
Each of his sisters and brothers.

Their stripes in all places
Don't make the same spaces
But their faces all look
like their mother's.

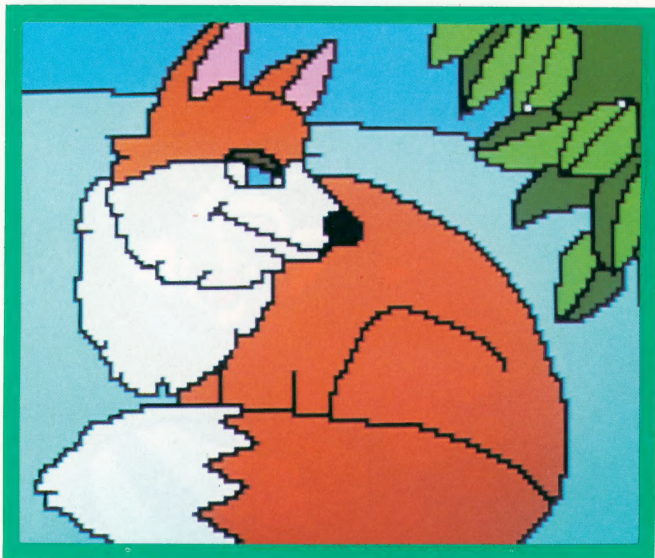

Panda

In a fir tree forest near a bamboo jungle
On a mountain that touches the sky
This giant Panda lives all alone
Because he's remarkably shy

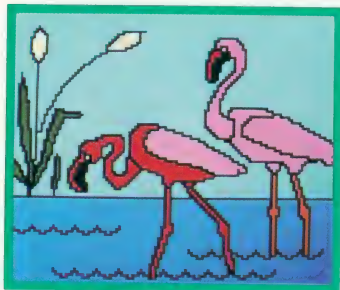

Fox

Felicia the fox is quite fair
A young lady of beauty rare
With her long pointy ears
And a tail like a deer's
And beautiful,
long reddish
hair

Flamingo

Who's a large bird
colored pink
Puts its head underwater
to drink
Will now and then fly
Quite high in the sky
Or stand up on one leg to
think?

Big Horn

Count the number of
grooves on one horn
To see when this Big Horn
sheep was born

Snake

Beware, my friend
Of the rattle on the end
Of the tail of this
sneaky snake.

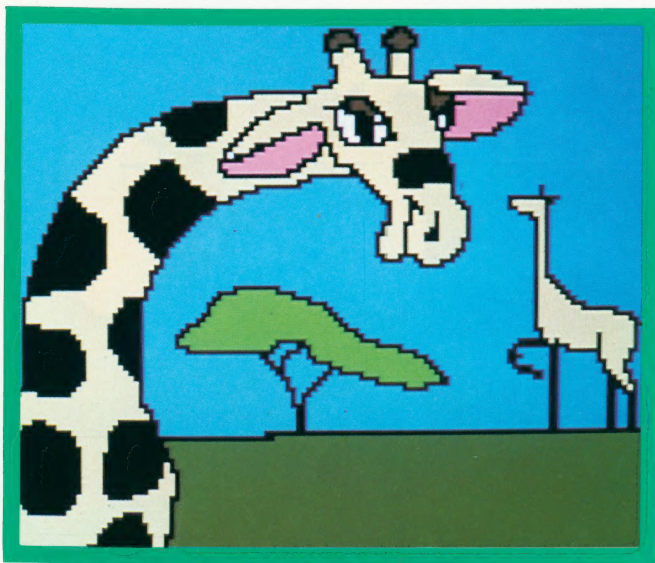

You can bet that he's near
When the sound that
you hear
Is that rattle beginning
to shake.

Kangaroo

Mama kangaroos never
slouch
Their babies they keep in
their pouch
Their posture is great
They always stand straight
If they didn't their kids
would cry
"OUCH!"

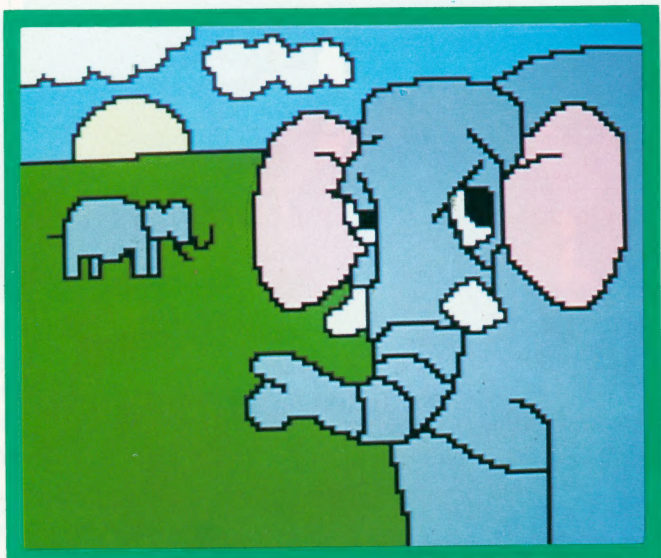

Giraffe

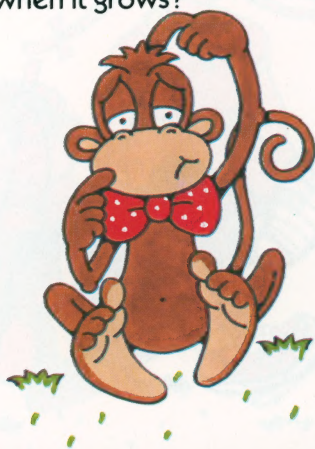

Whenever I see a Giraffe
I always break into a laugh
He has such boney knees
And his head's in the trees
'Cause his neck is as long as a staff

Elephant

What has a long trunk for a nose
That sounds like a horn when it blows
Has a really thin tail
Eats hay by the bale
And weighs 5 or more tons when it grows?
